
Coliseum

Built in 1906, the Coliseum has hosted an impressive lineup of events—from horse and cattle shows to obstacle clinics, barrel races, sales, and more. Four U.S. presidents have spoken here, William Howard Taft in 1911, Harry S. Truman in 1955, Ronald Reagan in 1994, and George W. Bush in 2004. The three-story, 180' x 235' structure echoes the architectural style of the nearby brick barns and features a 174' x 118' dirt floor arena with seating for approximately 2,300 guests.

Building Features

Facility Description: Historic brick covered arena

Electrical: 110v

Square Footage: 20,532

Length (ft): 174'
