
Grandstand and Speedway

Rental Fee \$2,600

Built in 1968, the Grandstand is on the east side of the Missouri State Fairgrounds and is a premier outdoor venue known for sprint car races, truck and tractor pulls, and concerts. It features a half-mile dirt track and permanent seating for spectators. Fun fact ... the Grandstand and fairgrounds hosted the notable Ozark Music Festival in July 1974, commemorated today with a plaque located near the Missouri Highway Patrol office and the main gate replica.
